

# **Excelerate V2 Programme**

*What Blake's Mom would like to share...*

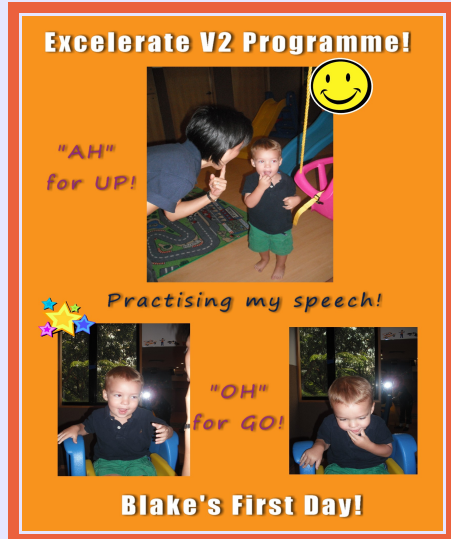

Dear Joanne & Blake's Therapists,

I wanted to send you a very heartfelt "Thank You!" for all the work you have done (and are doing) with Blake. The progress he has made is AMAZING! He is verbalising more than I could have ever imagined.

This weekend he gave me the best Mother's Day gift ever. He said "Ma Ma" for the first time in his life. It made me cry – as I couldn't imagine him ever saying it . As he continues to use it and try other words, I am so grateful for finding you guys and feel blessed that you have such an amazing programme.

Thank you again for all your work and patience with Blake.

*You are making a HUGE difference in all our lives.*

Thank you!

Michelle Sedgwick
