Dear Excelerate Team, Pika & Joanne,

Thank you very much for wonderful time and all the hard work you have done for our daughter, Mirai.

When Mirai was 9 months old we moved to Singapore and one of the pediatrician suggested to visit a private physiotherapist at Excelerate. She could not sit herself, was hypotonic, and had a developmental delay.

We were not sure how much and how well she will develop. After one and a half years later she joined the Excelerate V2 Program. After she joined Excelerate she made very positive developments.

Every Friday we got a report what she has done at your centre during the week and so many times we had talked about what she is interested in or what she is ready for. With this detailed information, we also could work well at home with her.

She really enjoyed coming to your centre everyday to meet her friends and therapists. You made the teaching, training and work so much fun for her. We firmly believe that thanks to this environment in the Excelerate V2 Program and your most dedicated and caring staff that our daughter Mirai has made such good progress that she is a joy for us every day.

Now, we are going back to Germany we are most thankful. We will always remember you Team Excelerate!

Sincerely,

Mirai, Rumi & Sebastian
